BEHIND THE BRAND.

At Dr. Floor, we redefine interiors with innovative, durable, and stylish flooring solutions that cater to the unique needs of our clients. Whether you're looking to transform a commercial workspace, elevate a luxury hotel, or create a warm and welcoming home, our diverse range of premium flooring options has you covered.

We specialize in Carpet Tiles, Axminster Flooring, Woven Vinyl, and Waterproof Vinyl Flooring, offering exceptional functionality and timeless aesthetics to inspired spaces across Kenya, East Africa, and Central Africa. For custom orders, we collaborate with trusted offshore manufacturing partners, ensuring delivery to client premises within 6-8 weeks of order placement.

OUR OFFERINGS, YOUR EDGE

- Carpet Tiles - Modular and Versatile
- Axminster wall to wall Flooring - Luxury at Its Finest
- Woven Vinyl - Durable, Stylish, and Modern
- Tools and accessories

HOW TO WORK WITH US

1. Site Visit: Floor planning, product consultation and site evaluation.
2. Selection: Choose from our wide range of flooring options.
3. Design Visualization: Experience your selection in your space with our 3D visualizer.
4. Delivery and Installation: Timely delivery within 24 hours for in-stock orders and expert installation to bring your vision to life. For custom orders, expect delivery within 6-8 weeks.
5. Post-Installation Support: Enjoy peace of mind with our maintenance services.

CARPET TILES.

Carpet tiles, are individual squares that interlock or adhere seamlessly, creating a beautiful and functional floor covering.

Unlike traditional broadlooms, carpet tiles offer a modular approach. Hence, you can customize your flooring to match your taste and preferences. Think of them as giant puzzle pieces for your floor, letting you mix and match colors, textures, and patterns to create unique and personalized designs.

SMART REASONS TO GO WITH CARPET TILES.

01. Design Flexibility

Mix and match colors, textures, and patterns to create custom layouts. From classic grids to playful mosaics, carpet tiles offer endless creative possibilities.

02. Easy Installation

Carpet tiles are quick to install—no need for complex tools or adhesives. You can even replace one tile at a time without touching the rest of the floor.

03. Eco-friendly

Carpet tiles are made from recycled materials and are fully recyclable, making them a sustainable flooring choice.

04. Acoustic Benefits

Carpet tiles absorb sound, reducing noise levels in busy environments and creating a more comfortable space to work or socialize.

05. Durability in High- Foot Traffic Areas

Engineered for commercial wear and tear, many tiles feature dense, looped fibers and backing designed to hold up under pressure.

06. Low Maintenance

They're easy to clean and maintain. If a tile gets stained or damaged, just swap it out—no need to redo the entire floor.

SPACES THAT WERE MADE FOR CARPET TILES.

01. Corporate Offices

Perfect for open-plan spaces, meeting rooms, and executive suites. Carpet tiles reduce noise and add a professional finish.

02. Hotels & Hospitality

Great for hotel corridors, lounges, and conference areas for a clean, upscale feel with acoustic benefits.

03. Schools & Universities

Durable enough for high foot traffic, and easy to replace if damaged—ideal for classrooms, libraries, and admin blocks.

04. Auditoriums & Theatres

Absorb sound, reduce echo, and enhance acoustics—making them ideal for performance spaces. Plus, their modular nature makes maintenance easy in large, high-traffic venues.

05. Government & Public Offices

Professional-looking, low-maintenance, and budget-friendly over time.

06. Places of Worship

Quiet, comfortable, and easy to clean—ideal for prayer halls and gathering areas.

07. Airports & Transport Hubs

Withstand heavy use while offering comfort and easy spot replacement.

WOVEN VINYL TILES.

Dr. Floor proudly presents the Woven Vinyl Flooring collection — a range of high-performance, design-led flooring solutions crafted in Sweden. Known for its durability, sustainability, and modern textile aesthetics, Woven vinyl flooring is ideal for demanding commercial and residential spaces. This edition features 50x50 cm tiles, offering flexibility and modularity in layout and design. Inspired by tactile woven textiles and nature's muted palettes, Silence delivers minimalist charm for calm and elegant spaces.

Look & Feel: Natural, textile-like, calming textures

Ideal For: Boardrooms, lounges, hospitality

SMART REASONS TO GO WITH WOVEN VINYL TILES.

01. Scratch Proof & Stain Resistant

Vinyl flooring is highly durable and resistant to wear, making it ideal for high-traffic areas such as kitchens, hallways, and commercial spaces.

02. Water Resistant & Skid Proof

Vinyl flooring options are waterproof, making them an excellent choice for bathrooms, laundry rooms, and basements.

03. Low Maintenance

Vinyl floors are easy to clean, requiring only regular sweeping and occasional mopping to maintain their appearance.

04. Acoustic Benefits

Modern vinyl flooring often comes with cushioned layers, making it softer underfoot and quieter than hard surfaces like tile.

05. Versatility in Design

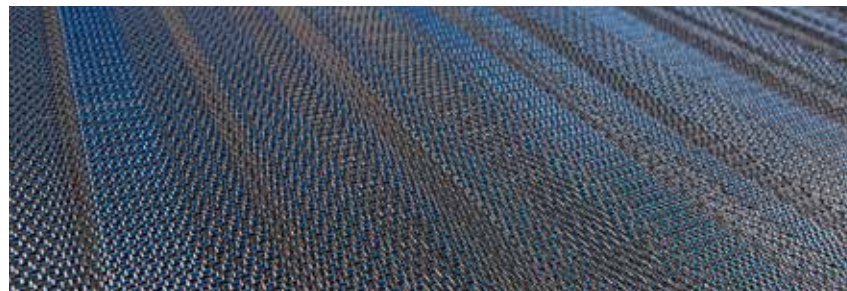

Available in a wide range of colors, patterns, and textures, vinyl can mimic natural materials like wood or stone, allowing for stylish design without the high cost.

OLIVE COLLECTION

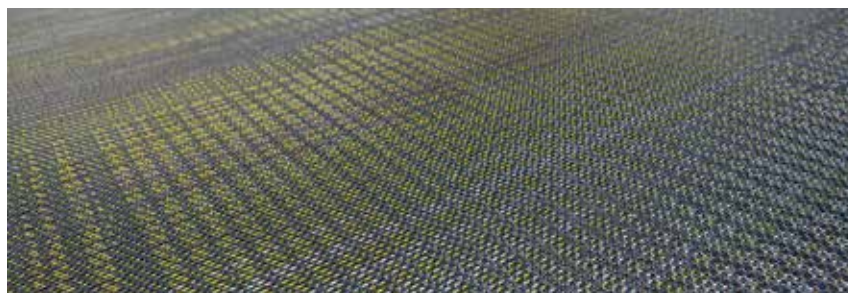

Tile Size:	50x50 cm
Thickness:	2.5 mm
Backing:	Recycled PVC
